Dunhill Rural Enterprises Ltd.

"There is no limit to what can be achieved by a community working together."

DUNHILL COMMUNITY ENTERPRISES LIMITED

Dunhill - Fenor - Boatstrand - Annestown

DFBA was founded in 1993. It is a voluntary community enterprise limited by guarantee with charitable status. It represents the parish of Dunhill-Fenor and includes four main areas of population in its name promoting inclusion, integration and sustainability.

The DFBA mission is to **‘Develop our community, socially, economically and culturally by harnessing the talents of our people and the resources available’**. Its motto is **‘There is no limit to what can be achieved by a community working together’**. The logo adopted is the ‘Ballinageeragh Dolmen’ located in the parish and representing 5,000 years of history, innovation and resilience.

A task group of nine people was set up in 1992 to examine the resources and enterprise opportunities available. At a

general meeting in parish hall on 22nd October attended by 112 people the task group recommended the establishment of DFBA.

Over the past 21 years DFBA through its affiliate sub groups has successfully managed the development of a diverse combination of 41 projects with seven others failing to survive. DFBA won its category of the ‘All-Ireland Pride in Place Competition’ in 2005. Its affiliate organisations won county, regional, national and international awards. Some examples include the designation of Copper Coast Geopark as an EU and UNESCO accredited site, Fenor Bog as a national nature reserve, Dunhill Ecopark as a community enterprise/ education centre and Boatstrand Sea Safety Centre as an essential coastal facility. Currently there are over 200 volunteers involved in DFBA activities. Over 80 jobs exist in the community in June 2014 that are directly linked to DFBA projects.

Waterford City & County Council, Leader Partnership Board, County Enterprise Board, Enterprise Ireland, Geological Survey of Ireland, Irish Peatlands Conservation Council, Failte Ireland, National Parks & Wildlife Service, Coillte, Teagasc, EPA, Office of Public Works, Inland Fisheries, Waterford Institute of Technology, Dublin City University, University College Cork, Depts. of Environment, Agriculture, Marine, Social Protection, Jobs, Enterprise and Innovation and the private sector involving Waterford Crystal Ltd, Glanbia, Dawn Meats, local SMEs and Diocese of Waterford & Lismore, Parish Council and others have contributed to the success of DFBA.

DUNHILL ECOPARK

Dunhill Ecopark has outline planning for light clean industrial development on 11.5 acres of which 2.5 acres are integrated constructed wetlands. The wetlands manages the waste from the ecopark facilities and Dunhill GAA complex. Dunhill Enterprise Centre accommodates 25 businesses and 60 jobs (June 2014). The education Centre has provided accredited training and education programmes for over 2,000 people since opening in 2004.

BOATSTRAND

Annestown-Boatstrand Development Group was founded in 1989 prior to DFBA in 1993. The construction of the Sea Safety Centre and the voluntary fund raising involved in raising a total of €300,000 was an outstanding achievement. Irish Water Safety Organisation in partnership with local development group run a very successful swimming training week for young children every August. In 2013 the second largest number of participants in its countrywide programme attended the Boatstrand class.

Waterford City & County Council

€co Merit

Environmental Support, Certification and COST SAVINGS for your Business

Dunhill EcoPark is paving the way to support all its tenants to become green through the EcoMerit certification programme. Congratulations to Dunhill EcoPark's EcoMerit holders' DREL (Dunhill Rural Enterprises Ltd) and the following tenants Comerford Foley, Elda and Irish Coffee & Tea.

What is €co Merit?

€coMerit is provided by Econcertive with the support of the Environmental Protection Agency (EPA) and Waterford County Council. Conventional certification schemes operate by having an auditor assess your organisation against an extensive set of requirements. Usually this also means employing a consultant to get you ready for the auditor, along with a lot of in-house time and effort. With €coMerit there is no auditor, and no preparation. An advisor helps identify

€co Merit Process

How to cut your energy, water & waste costs, Improve your environmental performance and Achieve recognition

€coMerit is designed to be as simple for you, the user, as possible. Almost no preparation is needed. The focus is on cost savings and improvements rather than paperwork. For the paperwork that is required, EconCertive will draft most of it for you, and give you extra help if you need it.

Application

All you have to do is complete a simple application form (you can download it from the website www.ecocert.ie) and email it to Econcertive phil@ecocert.ie

NB: €coMerit is the new name for €coCert. Both names are interchangeable at the moment.

Contract

Econcertive will email your contract agreement to you. When you decide to proceed, they will arrange a visit date and you activate the agreement by paying the Year 1 fee. The only preparation you need for the visit is to dig out your recent energy, waste and water (if applicable) bills.

How do I find out more?

If you would like more information, you may contact:
Paul Walker, Econcertive, Environmental Business Support
Telephone: 051 428739 / 086 2559677 Email: phil@ecocert.ie

Glorious Sushi founded by Tetyana Zhemerdyey is a company based in Waterford South East Ireland, who produce mouth-watering handmade sushi which is a great alternative to fast food and the boring old sandwich!

Glorious Sushi combines the best of local ingredients such as fish and vegetables with nori (typical Japanese seaweed), wasabi and umeboshi (pickled Japanese plum) and rice.

We cater for parties, communions, confirmations, weddings and corporate events. Glorious Sushi also supply sushi into many local grocery shops and supermarkets including: **Ardkeen Quality Food Store Store Waterford, Supervalu, Wexford-Pettittes, Carrigaline-Collines, Midleton- Hurly's, Skibbereen-Field's, Tramore-Quishes, Kilkenny, Carrigaline-Good Fish Processing** and many other grocery shops and cafes.

Our Mission is to introduce more people to traditional Japanese sushi and provide a healthy food option to adults and kids, also to provide you with a delicious, interesting option that will surprise your guests at any occasion.

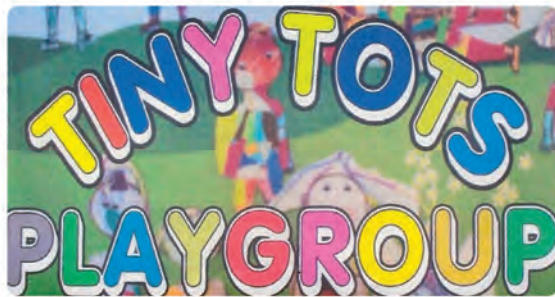

So don't hesitate. . . try something new! Tuck in and tanoshimu!!

Elda Wild Irish Venison Ltd was established by Jason Conway in 2012 and is a family run business. He is a native of Waterford and for many years has combined his passion for hunting with a deep respect for nature, its plants and wildlife. All animals are sourced within a 60 mile radius of our unit in Dunhill, Co. Waterford and have a full traceability system from field to fork, they are then brought to our unit in Dunhill where they are then butchered, processed and packed on site. At Elda Wild Irish Venison we don't believe in waste so we try to use as much of the animals as possible. We cure the animal hides we use the antlers as handles for walking and hand made hunting knives. Also the antler is used to make buttons and toggles.

The Company is an Eco Merit Certified Company 2014
We have just been awarded The Mc Kenna Guide Award 2014

FENOR PLAY PARK

FENOR BOG

Fenor Bog is an alkaline fen bog over an area of 32 acres(13ha). It was designated as Waterford's first National Nature Reserve in 2004.

"The Big Freeze", 14 January 2009 Email: bogs@ipcc.ie

Anne Valley Walk

The New Anne Valley Walk originates in Dunhill, County Waterford.

It follows the Anne River which flows through the Anne Valley and meanders past many beautiful ponds to reach Dunhill Castle 2km from the starting point.

The ANNE VALLEY WALK is located in Dunhill village. The entrance is just beside the bridge below the village. The Anne Valley Walk was developed in 2013 in a partnership between LEADER and local land owners. The walk winds through forest and marsh land next to the river Anne and is a protected wildlife area. If you are lucky you may see some of the many protected wildlife species such as the Heron, Kingfisher, Otter and an amazing range of other fauna and flora. The newly developed path allows comfortable wheelchair and buggy access with no steep slopes. There are several bench seats along the 2 km path where you can sit to relax and enjoy the peace of the valley while watching the wildlife. The most awe inspiring sight all along the walk is the view of Dunhill castle. The exit to the walk is just below the castle, which is 2 km from Annewtown beach.

Copper Coast Visitor Centre

OPENING HOURS

Thurs.to Sat. 11.00am to 5.00pm

Sunday, 12.30 to 4.30pm

You are most welcome to come in to find information about the area and about walks and other activities. Outside of these hours by appointment for schools and groups of 10 or more.

In the Centre there is a café and a small shop. And we have an exhibition about local history, much of it about the copper-mining years around Bunmahon, but also about local artists and personalities and, of course about geology.

There is a basic charge of €5 per person to explore the exhibition, with concessions for families etc. There is no charge to go into the cafe and shop area.

We host a variety of events throughout the year to help with our fundraising. We list these events in local newspapers, on our website and Facebook and Twitter pages. If you would like to be added to our mailing list for events contact us on info@coppercoastgeopark.com. We are mostly voluntary and would like hear from any who feel that they could help out in the centre, for even a few hours.

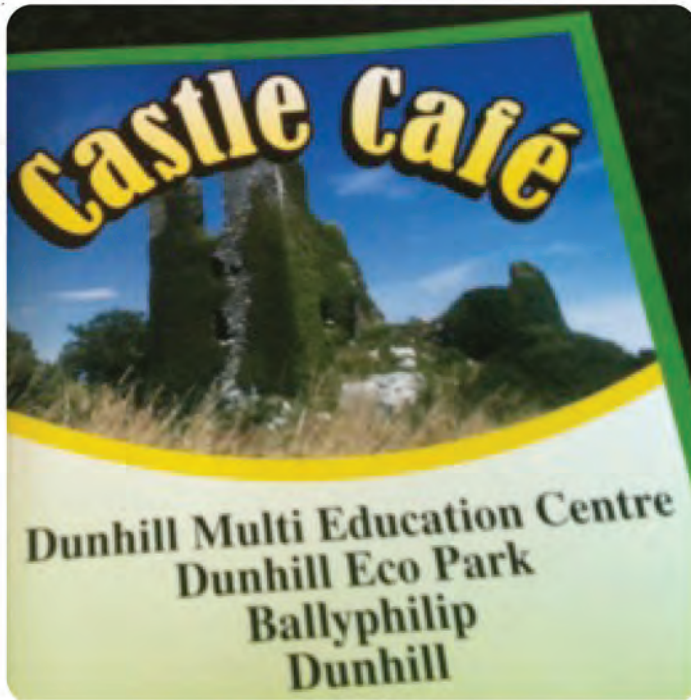

Copper Coast Geopark Activities

Our Geologist Tina Keating will plan a varied geological educational program for school groups, or field-trips to suit their needs. Through the Heritage in Schools Scheme, in partnership with the INTO and the Heritage Council, Tina can visit your school for a half or full-day session.

Full details on our web site.

EMERALD

Fine Crystal. Handmade in Waterford, Ireland.

In May 2009, following the closure of Waterford Crystal Ltd., Walter Walsh opened Emerald Crystal in Dunhill Ecopark. Walter is a former Master Craftsman, Global Artisan Ambassador and Health & Safety Manager of Waterford Crystal Ltd.

His new business quickly became successful exporting over 60% of its product to the US through Cash's of Cork. In December 2011, to accommodate an expansion and to avail of an industrial waste disposal system, which the Ecopark could not provide, the business was relocated to the Northern Industrial Estate in Waterford.

Dunhill Wine Glass

Emerald Crystal produced a 'Dunhill' range of crystal to mark its association with the area. It was commissioned to produce the St Patrick's Day 2014 presentation bowl to President Obama. The engraving on the bowl depicts the pilgrim's journey to the top of Croagh Patrick in Co Mayo. Emerald Crystal currently employs 11 workers.

BAUSCH + LOMB

Bausch + Lomb has had a manufacturing facility in Waterford for more than 30 years. It was officially established in 1980, with the first contact lens being shipped in 1981.

Waterford is the largest Bausch + Lomb manufacturing site globally.

The site is a multi-function complex which includes contact lenses and pharmaceutical manufacturing, research and development and surgical support.

Bausch + Lomb employs over 1100 people in Waterford in a broad range of roles and is one of the biggest industrial employers in the southeast of Ireland.

The main focus is on manufacturing contact lenses.

Bausch + Lomb became a Valeant company in 2013
